

## **April Meeting Minutes**

Present: Connor Boyle, Charlie Humes, David Zaenglein, Ward Davis, Andi Schlanger, Bill Schlanger, Jo Starr, Rich Philippi, Dusin Donahue

Discussion centered around Earth Day. Dustin asked for volunteers to work a table and/or bring their EV's to either the Coconino Community College Lone Tree Campus event or the City Hall event. Earth Day events will be held Saturday April 19. A sign-up sheet was passed around.

Connor suggested that we should have EAA shirts or something to identify us. Those present thought this was a good idea. Connor will look into prices and options locally. Jo will email Connor the EAA logo.

Meeting adjourned at 5:00 PM.

## **May Meeting Minutes**

Present: Barkley Coggin, Kate Timbers-Coggin, Bill Schlanger, Andi Schlanger, Dustin Donahue, Jo Starr (others....)

Earth Day events went well, but the CCC event was very slow. Several people expressed an interest in what we do.

Next up is the Independence Day parade. Dustin is checking into getting a banner made, and Barkley "passed the hat" for donations to help pay for our entry in the parade, banner, and any other associated costs.

Barkley showed a home-recorded video from PBS about finding the "perfect fuel." Topics on the video ranged from hydrogen fuel cells to biodiesel to electric autos.

Meeting adjourned at 6:00 PM, followed by officers' meeting.
